1. The following is an examiner's statement of reasons for allowance: prior art of record fails to show or fairly suggest a door check having the combination as claimed, including a lever having a ball guide groove in its side face, a check ball recess in the side face and being deeper than the groove, wherein the recess has a second width in a direction intersecting a centerline of the groove and a first width along the centerline of the groove. The second width is larger than the first width. As disclosed by the invention, the elongated recess prevents the check ball from colliding against an upward slope of the recess in a direction intersecting the centerline of the groove and therefore the generation of an abnormal noise can be prevented during opening of the vehicle door.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chuck Mah whose telephone number is (703) 308-0676. The examiner can normally be reached on 5/4-9.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Heather Shackelford can be reached on (703) 308-2978. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
